About Hello Group Inc.

We are a leading player in Asia's online social networking space. Through Momo, Tantan and other properties within our product portfolio, we enable users to discover new relationships, expand their social connections and build meaningful interactions. Momo is a mobile application that connects people and facilitates social interactions based on location, interests and a variety of online recreational activities. Tantan, which we added to our family of applications through acquisition in May 2018, is a leading social and dating application. Tantan is designed to help its users find and establish romantic connections as well as meet interesting people. Since 2019, we have continuously expanded our portfolio through internal incubation and strategic acquisitions, adding apps such as Hertz, Soulchill, and Happn. These products target more niche markets and selective user demographics both domestically and internationally, further strengthening our global presence.
