Third Quarter of 2022 Financial Results

Net revenues

Total net revenues were RMB3,233.0 million (US\$454.5 million) in the third quarter of 2022, a decrease of 14.0% from RMB3,759.2 million in the third quarter of 2021.

Live video service revenues were RMB1,657.5 million (US\$233.0 million) in the third quarter of 2022, a decrease of 23.5% from RMB2,166.7 million during the same period of 2021. The decrease was primarily attributable to COVID related consumption softness and regulatory changes, and to a lesser extent, Tantan's product adjustment to improve user experience in September last year and negative impact of pandemic resurgence and channel investment reduction.

Value-added service revenues mainly include virtual gift revenues and membership subscription revenues. Total value-added service revenues were RMB1,537.7 million (US\$216.2 million) in the third quarter of 2022, an increase of 0.3% from RMB1,533.3 million during the same period of 2021. The year-over-year increase was primarily attributable to the rapid revenue growth from the new standalone apps. The increase was partially offset by the decrease in Tantan's value-added service due to the demonetization process to improve user experience and retention, as well as the negative impact of COVID and the reduction of channel investments on Tantan's user growth and paying conversion.

Mobile marketing revenues were RMB28.2 million (US\$4.0 million) in the third quarter of 2022, a decrease of 34.8% from RMB43.3 million during the same period of 2021. The decrease in mobile marketing revenues was due to the negative impact of macro headwind on client's advertising budget.

Mobile games revenues were RMB7.7 million (US\$1.1 million) in the third quarter of 2022, a decrease of 4.1% from RMB8.1 million in the third quarter of 2021. The decrease in mobile game revenues was mainly due to the decrease in paying users of mobile games.

Net revenues from the Momo segment decreased from RMB3,246.3 million in the third quarter of 2021 to RMB2,891.0 million (US\$406.4 million) in the third quarter of 2022, primarily due to the decrease in net revenues from live video service. Net revenues from the Tantan segment decreased from RMB510.7 million in the third quarter of 2021 to RMB341.3 million (US\$48.0 million) in the third quarter of 2022, due to our demonetization strategy to improve user experience, as well as the negative impact of COVID and the reduction of channel investments on Tantan's user growth and paying conversion.

Cost and expenses

Cost and expenses were RMB2,734.2 million (US\$384.4 million) in the third quarter of 2022, a decrease of 17.6% from RMB3,319.9 million in the third quarter of 2021. The decrease was primarily attributable to: (a) a decrease in revenue sharing with broadcasters related to Momo's core live video service and Tantan's live video service, which was partially offset by an increase in revenue sharing with virtual gift recipients for our virtual gift service; (b) a decrease in sales and marketing expenses due to our initiatives to control cost and optimize Tantan's channel marketing strategy; (c) a decrease in salary expenses and share-based compensation expenses, due to our continuous optimization in personnel costs since the beginning of the year and the decreased fair value of the share options new grants; (d) no production cost from television program and film compared to the third quarter of 2021; and (e) a decrease in depreciation and amortization cost due to the impairment of intangible assets in 2021.

Non-GAAP cost and expenses (note 1) were RMB2,649.2 million (US\$372.4 million) in the third quarter of 2022, a decrease of 15.7% from RMB3,143.2 million during the same period of 2021.

Income from operations

Income from operations was RMB520.1 million (US\$73.1 million) in the third quarter of 2022, compared to RMB460.5 million during the same period of 2021. Income from operations of the Momo segment was RMB569.4 million (US\$80.0 million) in the third quarter of 2022, which decreased from RMB676.5 million in the third quarter of 2021. Loss from operations of the Tantan segment was RMB44.5 million (US\$6.2 million) in the third quarter of 2022, compared to loss from operations of RMB179.8 million in the third quarter of 2021.

Non-GAAP income from operations (note 1) was RMB605.1 million (US\$85.1 million) in the third quarter of 2022, compared to RMB637.2 million during the same period of 2021. Non-GAAP income from operations of the Momo segment was RMB648.2 million (US\$91.1 million) in the third quarter of 2022, which decreased from RMB786.3 million in the third quarter of 2021. Non-GAAP loss from operations of the Tantan segment was RMB38.3 million (US\$5.4 million) in the third quarter of 2022, compared to non-GAAP loss from operations of RMB112.9 million in the third quarter of 2021.

Other gain or loss, net

Other gain was RMB40.4 million (US\$5.7 million) in the third quarter of 2022, which mainly resulted from the Company's repurchase of its convertible senior notes from certain bond holders in the third quarter of 2022, partially offset by impairment loss on other long-term investments.

Income tax expenses

Income tax expenses were RMB156.0 million (US\$21.9 million) in the third quarter of 2022, compared to RMB143.2 million in the third quarter of 2021. The increase was primarily due to the fact that in the third quarter of 2022, we accrued withholding income tax of RMB42.9 million (US\$6.0 million) on undistributed earnings generated in the third quarter of 2022 by our wholly-foreign owned enterprise ("WFOE"), because we plan to remit WFOE's earnings to its offshore parent company in the foreseeable future to fund its demand for US dollars in business operations, payments of dividends and debts, potential investments, share repurchase plan, etc.

Net income

Net income was RMB449.9 million (US\$63.2 million) in the third quarter of 2022, compared to RMB395.9 million during the same period of 2021. Net income from the Momo segment was RMB499.6 million (US\$70.2 million) in the third quarter of 2022, compared to RMB611.1 million in the same period of 2021. Net loss from the Tantan segment was RMB45.0 million (US\$6.3 million) in the third quarter of 2022, compared to net loss of RMB179.0 million in the third quarter of 2021.

Non-GAAP net income (note 1) was RMB534.8 million (US\$75.2 million) in the third quarter of 2022, compared to RMB564.3 million during the same period of 2021. Non-GAAP net income from the Momo segment was RMB578.4 million (US\$81.3 million) in the third quarter of 2022, which decreased from RMB720.9 million in the third quarter of 2021. Non-GAAP net loss of the Tantan segment was RMB38.8 million (US\$5.5 million) in the third quarter of 2022, compared to non-GAAP net loss of RMB120.5 million in the third quarter of 2021.

Net income attributable to Hello Group Inc.

Net income attributable to Hello Group Inc. was RMB450.8 million (US\$63.4 million) in the third quarter of 2022, compared to a net income of RMB403.2 million during the same period of 2021.

Non-GAAP net income (note 1) attributable to Hello Group Inc. was RMB535.8 million (US\$75.3 million) in the third quarter of 2022, compared to RMB571.6 million during the same period of 2021.

Net income per ADS

Diluted net income per ADS was RMB2.20 (US\$0.31) in the third quarter of 2022, compared to RMB1.93 in the third quarter of 2021.

Non-GAAP diluted net income per ADS (note 1) was RMB2.60 (US\$0.37) in the third quarter of 2022, compared to RMB2.70 in the third quarter of 2021.

Cash and cash flow

The decrease was due to a number of cash outflow items, including our cash dividend payment of RMB841.0 million (US\$118.2 million) to shareholders; an aggregate payment of RMB2,137.0 million (US\$300.4 million) for the repurchase of the company's convertible notes; an aggregate of RMB287.7 million (US\$40.4 million) in relation to the share repurchase program; and RMB300.0 million (US\$42.2 million) payment to Chinese tax authorities to repatriate cash from our WOFE in China to our offshore entity in the first nine months of 2022.

Note 1: Non-GAAP measures

To supplement our consolidated financial statements presented in accordance with U.S. generally accepted accounting principles ("GAAP"), we, Hello Group, use various non-GAAP financial measures that are adjusted from the most comparable GAAP results to exclude share-based compensation, impairment loss on goodwill and intangible assets, amortization of intangible assets from business acquisitions, and tax impacts related to the amortization of intangible assets from business acquisitions.

Reconciliations of our non-GAAP financial measures to our U.S. GAAP financial measures are shown in tables at the end of this earnings release, which provide more details about the non-GAAP financial measures.

Our non-GAAP financial information is provided as additional information to help investors compare business trends among different reporting periods on a consistent basis and to enhance investors' overall understanding of the historical and current financial performance of our continuing operations and our prospects for the future. Our non-GAAP financial information should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to the GAAP results. In addition, our calculation of the non-GAAP financial measures may be different from the calculation used by other companies, and therefore comparability may be limited.

Our non-GAAP information (including non-GAAP cost and operating expenses, income (loss) from operations, net income (loss), net income (loss) attributable to Hello Group Inc., and diluted net income per ADS) is adjusted from the most comparable GAAP results to exclude share-based compensation, impairment loss on goodwill and intangible assets, amortization of intangible assets from business acquisitions, and tax impacts related to the amortization of intangible assets from business acquisitions. A limitation of using these non-GAAP financial measures is that share-based compensation, impairment loss on goodwill and intangible assets, amortization of intangible assets from business acquisitions, and tax impacts related to the amortization of intangible assets from business acquisitions have been and will continue to be for the foreseeable future significant recurring expenses in our results of operations. We compensate for such limitation by providing reconciliations of our non-GAAP measures to our U.S. GAAP measures. Please see the reconciliation tables at the end of this earnings release.
