Hello Group Inc. Announces Unaudited Financial Results for the First Quarter of 2026

BEIJING, CHINA, June 2, 2026 – Hello Group Inc. (NASDAQ: MOMO) (“Hello Group” or the “Company”), a leading player in Asia’s online social networking space, today announced its unaudited financial results for the first quarter of 2026.

First Quarter of 2026 Highlights

- Net revenues decreased by 5.3% year over year to RMB2,386.0 million (US\$345.9 million*) in the first quarter of 2026.
- Net revenues from overseas increased by 44.1% year over year to RMB597.4 million (US\$86.6 million) in the first quarter of 2026.
- Net income attributable to the shareholders of Hello Group Inc. was RMB291.0 million (US\$42.2 million) in the first quarter of 2026, compared to RMB358.0 million in the same period of 2025.
- Non-GAAP net income attributable to the shareholders of Hello Group Inc. (note 1) was RMB328.8 million (US\$47.7 million) in the first quarter of 2026, compared to RMB403.8 million in the same period of 2025.
- Diluted net income per American Depositary Share (“ADS”) was RMB1.81 (US\$0.26) in the first quarter of 2026, compared to RMB2.07 in the same period of 2025.
- Non-GAAP diluted net income per ADS (note 1) was RMB2.05 (US\$0.30) in the first quarter of 2026, compared to RMB2.34 in the same period of 2025.
- For Momo app, total paying users were 3.7 million for the first quarter of 2026, compared to 4.2 million for the same period last year, and 3.9 million from last quarter. Tantan had 0.6 million paying users for the first quarter of 2026 compared to 0.8 million from the year ago period and 0.6 million from last quarter.

“In the first quarter of 2026, the Group maintained steady business momentum.” commented Yan Tang, Chairman and CEO of Hello Group. “Guided by our strategic focus, our domestic business continued to sustain the healthy operation of the cash cow business through a focus on product innovation and refined operations. Leveraging the synergy of a diversified product portfolio, our overseas business has maintained a positive development trend. Looking ahead, we are confident in our ability to execute on the strategic roadmap for each business line in 2026.”

First Quarter of 2026 Financial Results

Net revenues

Total net revenues were RMB2,386.0 million (US\$345.9 million) in the first quarter of 2026, a decrease of 5.3% from RMB2,520.8 million in the first quarter of 2025.

Value-added service revenues mainly include virtual gift revenues from various audio, video and text-based scenarios, and membership subscription revenues. Total value-added service revenues were RMB2,353.6 million (US\$341.2 million) in the first quarter of 2026, a decrease of 5.5% from RMB2,489.9 million during the same period of 2025. The decrease was primarily due to external factors that influenced the operational focus of certain broadcasters and agencies on Momo app, which are still in recovery, and to a lesser extent, the decline in Tantan resulting from a decline in user base. The decrease was largely offset by the revenue growth from our overseas apps, driven by the rapid expansion from multiple social entertainment and dating brands across our rich portfolio.

* This press release contains translations of certain Renminbi amounts into U.S. dollars at specified rate solely for the convenience of readers. Unless otherwise noted, all translations from Renminbi to U.S. dollars, in this press release, were made at a rate of RMB6.8980 to US\$1.00, the effective noon buying rate for March 31, 2026 as set forth in the H.10 statistical release of the Federal Reserve Board.

Other services revenues were RMB32.3 million (US\$4.7 million) in the first quarter of 2026, compared to RMB30.9 million during the same period of 2025.

Net revenues from Chinese mainland decreased from RMB2,106.2 million in the first quarter of 2025 to RMB1,788.6 million (US\$259.3 million) in the first quarter of 2026, primarily due to the decrease in net revenues from Momo app and Tantan app. Net revenues from overseas increased from RMB414.6 million in the first quarter of 2025 to RMB597.4 million (US\$86.6 million) in the first quarter of 2026, driven by the growth of audio- and video-based products in the Middle East and North Africa (“MENA”) region, primarily by the new apps, along with incremental revenue from dating brands outside of MENA.

Cost and expenses

Cost and expenses were RMB2,088.7 million (US\$302.8 million) in the first quarter of 2026, a decrease of 6.5% from RMB2,234.5 million in the first quarter of 2025. The decrease was primarily attributable to: (a) a decrease in revenue sharing with broadcasters on Momo app, partially offset by an increased revenue sharing with virtual gift recipients on overseas apps; (b) a decrease in salary expenses and share-based compensation expenses, due to our continuous optimization in personnel costs and the newly granted share options which had lower fair value; and (c) partially offset by increased investment in marketing for our new overseas apps while we continued to reduce marketing expenses for China apps.

Non-GAAP cost and expenses (note 1) were RMB2,049.3 million (US\$297.1 million) in the first quarter of 2026, compared to RMB2,188.8 million during the same period of 2025.

Income from operations

Income from operations was RMB309.7 million (US\$44.9 million) in the first quarter of 2026, compared to RMB299.5 million during the same period of 2025.

Non-GAAP income from operations (note 1) was RMB349.2 million (US\$50.6 million) in the first quarter of 2026, compared to RMB345.3 million during the same period of 2025.

Interest income

Interest income was RMB54.0 million (US\$7.8 million) in the first quarter of 2026, compared to RMB120.3 million during the same period of 2025. The decrease was primarily attributable to: (a) a reduction in the total volume of interest-bearing funds, as a result of bank loan repayments, the distribution of a special cash dividend, settlement of withholding tax accrued for prior periods, certain acquisitions and investments, and payment under the Company’s Share Repurchase Program; (b) a lower proportion of high-yield US dollar funds in the total funds; and (c) a drop in the yield of both US dollar and RMB funds due to falling market interest rates.

Income tax expenses

Income tax expenses were RMB79.9 million (US\$11.6 million) in the first quarter of 2026, compared to RMB70.4 million in the first quarter of 2025.

Share of income on equity method investments

Share of income on equity method investments was RMB8.5 million (US\$1.2 million) in the first quarter of 2026, compared to RMB39.7 million during the same period of 2025. The decrease was primarily attributable to lower fair value gains recognized from an investment in an open mutual fund.

Net income

Net income was RMB291.5 million (US\$42.3 million) in the first quarter of 2026, compared to RMB358.5 million during the same period of 2025.

Non-GAAP net income (note 1) was RMB329.3 million (US\$47.7 million) in the first quarter of 2026, compared to RMB404.3 million during the same period of 2025.

Net income attributable to the shareholders of Hello Group Inc.

Net income attributable to the shareholders of Hello Group Inc. was RMB291.0 million (US\$42.2 million) in the first quarter of 2026, compared to RMB358.0 million during the same period of 2025.

Non-GAAP net income (note 1) attributable to the shareholders of Hello Group Inc. was RMB328.8 million (US\$47.7 million) in the first quarter of 2026, compared to RMB403.8 million during the same period of 2025.

Net income per ADS

Diluted net income per ADS was RMB1.81 (US\$0.26) in the first quarter of 2026, compared to RMB2.07 in the first quarter of 2025.

Non-GAAP diluted net income per ADS (note 1) was RMB2.05 (US\$0.30) in the first quarter of 2026, compared to RMB2.34 in the first quarter of 2025.

Cash and cash flow

As of March 31, 2026, the Company's cash, cash equivalents, short-term deposits, short-term investments, short-term restricted cash and long-term deposits totaled RMB8,561.0 million (US\$1,241.1 million), compared to RMB8,677.6 million as of December 31, 2025.

Net cash provided by operating activities in the first quarter of 2026 was RMB158.9 million (US\$23.0 million), compared to RMB239.7 million in the first quarter of 2025.

Recent Development

Payment of a special cash dividend

In March 2026, Hello Group's board of directors declared a special cash dividend in the amount of US\$0.28 per ADS, or US\$0.14 per ordinary share. The cash dividend was paid in April 2026 to shareholders of record at the close of business on April 10, 2026. The aggregate amount of cash dividends paid was US\$41.2 million.

Share repurchase program

As of June 2, 2026, the Company has repurchased 63.7 million ADSs for US\$399.5 million on the open market under the Share Repurchase Program announced on June 7, 2022 and amended on March 14, 2024 and March 12, 2025, at an average purchase price of US\$6.25 per ADS. The remaining size of the program is US\$86.6 million.

Business Outlook

For the second quarter of 2026, the Company expects total net revenues to be between RMB2.45 billion and RMB2.55 billion, representing a decrease of 6.5% to 2.7% year over year. This forecast reflects the Company's current and preliminary views on the market and operational conditions, which are subject to change.

Note 1: Non-GAAP measures

To supplement our consolidated financial statements presented in accordance with U.S. generally accepted accounting principles ("GAAP"), we, Hello Group, use various non-GAAP financial measures that are adjusted from the most comparable GAAP results to exclude share-based compensation, amortization of intangible assets from business acquisitions and tax impacts related to the amortization of intangible assets from business acquisitions.

Reconciliations of our non-GAAP financial measures to our U.S. GAAP financial measures are shown in tables at the end of this earnings release, which provide more details about the non-GAAP financial measures.

Our non-GAAP financial information is provided as additional information to help investors compare business trends among different reporting periods on a consistent basis and to enhance investors' overall understanding of the historical and current financial performance of our continuing operations and our prospects for the future. Our non-GAAP financial information should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to the GAAP results. In addition, our calculation of the non-GAAP financial measures may be different from the calculation used by other companies, and therefore comparability may be limited.

Our non-GAAP information (including non-GAAP cost and operating expenses, income from operations, net income, net income attributable to the shareholders of Hello Group Inc., and diluted net income per ADS) is adjusted from the most comparable GAAP results to exclude share-based compensation, amortization of intangible assets from business acquisitions, and tax impacts related to the amortization of intangible assets from business acquisitions. A limitation of using these non-GAAP financial measures is that share-based compensation, amortization of intangible assets from business acquisitions and tax impacts related to the amortization of intangible assets from business acquisitions have been and will continue to be for the foreseeable future significant recurring expenses in our results of operations. We compensate for such limitation by providing reconciliations of our non-GAAP measures to our U.S. GAAP measures. Please see the reconciliation tables at the end of this earnings release.

About Hello Group Inc.

We are a leading player in Asia's online social networking space. Through Momo, Tantan and other properties within our product portfolio, we enable users to discover new relationships, expand their social connections and build meaningful interactions. Momo is a mobile application that connects people and facilitates social interactions based on location, interests and a variety of online recreational activities. Tantan, which was added into our family of applications through acquisition in May 2018, is a leading social and dating application. Tantan is designed to help its users find and establish romantic connections as well as meet interesting people. Since 2019, we have continuously expanded our portfolio through internal incubation and strategic acquisitions, adding apps such as Hertz, Soulchill, and Happn. These products target more niche markets and selective user demographics both domestically and internationally, further strengthening our global presence.
